Communications Program is often the first chance an athletic trainer often gets to present his/her research and clinical case studies on a topic during the NATA convention through oral, rapid fire and poster presentations. To date, approximately 5,000 oral and poster presentations have been provided through the Free Communications program. This year, the Free Communications Program Poster is from 10 a.m. to noon today in NATA Connect, Bayside D. Oral and rapid fire presentations will take place throughout convention.

Prior to the 70th NATA Clinical Symposia & AT Expo beginning, six preconference workshops were held on a variety of topics, primarily in the South Seas ballroom. Workshops ranging from three and a half to six hours incorporated lectures and hands-on labs to explore topics such as joint dislocation evaluation and suturing minor skin wounds.

# This year, all available job postings (both onsite and offsite) will be listed online and accessible in the Career Center. Employers will be able to flag positions that are open for interviews onsite, and job candidates will be able to search all jobs open.

The Career Center will also feature seating areas for interviews in case employers would like to schedule a time to meet with any job candidates for onsite interviews. In addition, you can also drop off your résumés to be refined by athletic training
