

GUIDELINES FOR PROPOSAL SUBMISSION FORUM

Thank you for your interest in submitting a Forum proposal, we welcome your submission!

We typically receive over 200 proposal submissions each year, well over what we can accommodate in the program. To ensure the integrity and balance of the educational program, each proposal undergoes a rigorous review process, resulting in an acceptance rate from those submissions of approximately 20%. The CPC review process involves three tiers: 1) a blind review by 10-15 peer athletic trainers, 2) an objective review by each member of the Convention Program Committee, and 3) open committee discussion by the Convention Program Committee.

Format & Audience

- Forums are 55 minutes in length and led by a panel of discussants and moderator.
 - The first 10 minutes are led by panel discussants that provide an overview on a current topic and pose stimulating questions to the audience.
 - The last 45 minutes are reserved for a structured panel-audience discussion.
- Forums accommodate between 100-150 athletic trainers, students, and NATA associate members.
- Eligible registrants may attend an unlimited number of Forums.

Important Guidelines

- The purpose of Forums is to stimulate discussion between researchers and clinicians on a current topic.
- Forums are comprised of two panel discussants and one moderator.
 - Discussants & moderator must be familiar with the topic from both a scientific and clinical viewpoint.
- Forums must avoid any affiliation with a commercial product or service.
- Forums will be scheduled over all three days of the Annual Meeting.
 - Speakers must be available for scheduling on any of the three days of programming.
- We encourage you to submit a proposal that may fall under one of the 2025 Themes:
 - Innovations in Risk Reduction: This theme is focused on innovative approaches and technological advancements that are reshaping how we address and minimize injury risk.
 - Advances in Soft Tissue Injury Management: This theme is focused on exploring cutting-edge strategies for diagnosing and treating soft tissue injuries.
- The individual submitting the proposal must have confirmed the presentation with all speakers prior to submission.
- Proposal selection is contingent upon approval by the Convention Program Committee.
- Due to an increase in number of proposal submissions and limitations in size of convention facilities, all proposals may not be selected. In this situation, topics will be

- selected based on the organization of the program, quality of content and speakers, and significance of the material to the NATA membership.
- After <u>July 22, 2024</u> the Convention Program Committee will only approve a speaker change if the original speaker is unable to attend the annual meeting.

Deadline

- Proposals must be submitted no later than <u>July 22, 2024</u>.
- Incomplete (e.g., missing speaker CV) and/or late proposals will <u>NOT</u> be accepted. Have the following information available as you will need this to complete the proposal submission process.

Presentation Information:

- Title of session (overall and for presentations by each speaker if applicable)
- Presentation length (overall and for each speaker if presentation includes multiple speakers)
- Domain(s) of athletic training that the presentation pertains to.
 - Domain/Task* Identify the domain and the task tied to that domain. Reference Practice Analysis, 8th Edition located here.
 - Does the presentation align with the Orthopedic Specialty Practice domains? If yes, please list domain/s and task/s. Reference the BOC Orthopedic Practice Analysis located here.
- Level of presentation (Essential, Advanced, Mastery)
- Abstract/Knowledge Gap (100 words or less)
- State the Learning objectives of the session (at least three)
 - The objectives should follow best practice for learning objective construction.
 Please use Bloom's Taxonomy Action Verbs, you may find examples at this link.
 Avoid "understand" and "appreciate".
 - DO NOT begin the learning objective with 'Following this session, participants will be able to...' Please start the learning objective with a verb.
- Two to three keywords (not in the title) that best describe the focus of the proposal.
- Clinical Bottom Line
 - Provide a summary of the evidence (3-4 sentences) that identifies the clinical recommendation/s outlined in the learning objectives.
- Three to five references/sources (e.g. peer reviewed publications) that support the content of the presentation
 - Utilize format as described in the Journal of Athletic Training authors guide <u>found</u> <u>here</u>.
- Speaker Information (required for each speaker)
 - Name & Credentials
 - Title or position of speaker
 - Affiliation (or place of employment): name & address
 - Contact information: email, phone
 - NATA Membership Status (Member or Non-member)
 - CV for uploading (word document or pdf)

Submission forms will be available <u>April 2024</u>. The deadline for submission is <u>July 22, 2024</u>. Thank you.
