

SAFETY CHECKLIST FOR SPORTS PARTICIPATION DURING COVID-19

BEFORE THE SPORTS SEASON STARTS - ATHLETES SHOULD:

- Verify return to sports and recreation are approved by your local and state government
- Understand the new safety rules and expectations
- Have own cloth face covering, hand sanitizer, towel, water bottle, and tissues labeled with name
- Ensure sports physical is current before participating

PRIOR TO PRACTICE OR GAMES - ATHLETES SHOULD:

- Stay home from practice or game if sick or have a fever
- Wash hands and/or use hand sanitizer before arriving
- Bring labeled (with name) personal sports equipment, water bottle, towel, tissues, hand sanitizer, and cloth face covering
- Stay in car or assigned school location until the coach is ready to start practice
- Avoid gathering in groups before practice, maintain physical distance and wear a cloth face covering

DURING SPORTS PRACTICE OR GAMES - ATHLETES SHOULD:

- Whenever possible, maintain 6-8 feet physical distance during drills and conditioning
- Whenever safe and possible, athletes should wear a cloth face covering. Especially on sideline, in dugouts, and during team chats. Exceptions include:
 - active exercise
 - water sports
 - sports where face coverings could get caught on equipment or accidentally cover eyes
- Avoid these behaviors:
 - huddles, high-fives, fist bumps, handshakes, etc
 - sharing food or drink with teammates
 - cheering, chanting, or singing when closer than 6-8 feet from others
 - spitting or blowing nose without tissue
- Store personal equipment 6-8 feet away from other teammates' equipment
- Minimize sharing sports equipment when possible
- Sanitize hands before and after using shared equipment (balls, bats, sticks, etc)
- Tell a coach if you are not feeling well and leave practice or game with parent or caregiver

AFTER SPORTS PRACTICE OR GAME - ATHLETES SHOULD:

- Sanitize or wash hands
- Wash cloth face covering, towel and practice clothes or uniform
- Clean personal sports equipment and water bottle
