She discussed the impact of state dues increases in New Jersey, California, Oregon and Minnesota, none of which experienced a decrease in membership. GOVERNMENT AFFAIRS UPDATE
Centers for Medicare and Medicaid Services (CMS) Rule on Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS)

Staff provided answers to questions about AT education, qualifications and roles. Staff will also provide an in-depth memo on specific work that qualifies ATs to work with DME.

Federal Legislative Update
Callender reviewed current legislative advocacy efforts and the co-sponsors of NATA’s bills. There will be another postcard collection at the convention and at district meetings. Members will receive a lapel pin for completing the postcard.

State Legislative Update

2016 Capitol Hill Day (CHD)
Callender presented a proposal to hold the 2016 Capitol Hill Day (CHD) in conjunction with the 2016 Convention because of DC’s proximity to Baltimore. The plan is to hold it on Committee Day while Congress is in session and invite all the committees that participate in the Joint Committee Meeting as well as members of the State Leadership Forum to attend. Other members may participate but there will be a hard registration deadline. Funding will be required for charter buses as well as additional meeting and meal expenses to ensure committees can complete their work either with additional time at the Joint Committee Meeting or with an evening meeting on Committee Day. Staff said the Finance Committee approves of this recommendation.

FINANCE COMMITTEE
FY 2015 Year-End Finances
Treasurer Dieringer presented the March unaudited financial statements. She noted NATA’s end-of-year financial position is strong with a surplus. The audit report will be ready for approval in June.
Budget Surplus Allocation
Saddler reported the completed projects approved for funding in the FY2014 surplus were absorbed into the FY2015 budget. The result is that NATA ended the year with expenses only 1% over budget, which was offset by the revenue surplus, while taking advantage of unbudgeted opportunities to move the profession forward. In addition, the FY2014 surplus remains along with a surplus for FY2015. This money can be moved to investments or allocated in a general board fund for similar future opportunities. President Thornton commended staff and the finance department for their hard work.

Japan Athletic Trainers’ Organization (JATO) NATA Foundation Scholarship
President Thornton presented a proposal to fully fund a scholarship endowment through NATA Foundation in honor of the Japan Athletic Trainers’ Organization (JATO). NATA’s relationship with JATO is unique and this will be an important opportunity to assist with JATO’s growing presence in Japan’s health care environment. JATO will decide how many scholarships to award and what restrictions to place on the endowment. President Thornton noted there is currently no NATA Foundation endowment funded by NATA directly.

VOTED: TO FUND A $50,000 SCHOLARSHIP ENDOWMENT THROUGH THE NATA FOUNDATION IN HONOR OF THE JAPAN ATHLETIC TRAINERS’ ORGANIZATION (JATO).

NATIONAL FOOTBALL LEAGUE (NFL) SECONDARY SCHOOL INITIATIVE
Oats provided a high-level overview of the results of the National Football League (NFL) Secondary School Initiative. The NFL is allocating $500,000 for the team matching grant program next year, and Gatorade has committed $250,000. A new aspect of the program in 2015 is a national contest to provide funds for ATs in underserved areas that are not in NFL markets, with a focus on sustainability and to support the gold standard of the full-time AT. The funds will be provided on a need basis, which SSATC and the Ethnic Diversity Advisory Committee (EDAC) can assist in evaluating. Staff’s recommendation is that NATA put $200,000 of its $250,000 commitment toward the contest and $50,000 to the NFL initiative. This will allow all 32 NFL teams to participate if they are inclined. The board requested more data on the results of the 2014 initiative to share with members. The board also discussed the possibility of bringing the other major professional sports leagues into the project.

VOTED: TO ACCEPT STAFF’S RECOMMENDATION TO ALLOCATE NATA’S CURRENT COMMITMENT OF $250,000 TO THE NATIONAL FOOTBALL LEAGUE (NFL) SECONDARY SCHOOL INITIATIVE AS FOLLOWS: $50,000 TO NFL CLUB GRANT PROGRAM AND $200,000 TO THE NATIONWIDE ATHLETIC TRAINER CONTEST.

She announced CAATE has recently hired a director of education.
